

# SINDHU INTI

[iamsindhuinti23@gmail.com](mailto:iamsindhuinti23@gmail.com) | [www.sindhuinti.me](http://www.sindhuinti.me)

Computer Science Student

## EDUCATION

**B.Tech in Computer Science & Engineering | SRKR Engineering college** 2020 - Present

- Pursuing Honors degree in Computer Science.
- Current CGPA - 8.86.

## SKILLS

### Programing languages

- C , C++ , Java
- Python , javascript

### Full Stack web development

- HTML,CSS,JavaScript,EJS
- Frameworks : React & Bootstrap
- Nodejs , Expressjs
- MongoDB & mySql

### Data Structures and Algorithms

- Proficient in data structures
- Problem solving skills

Proficient in Canva

### Machine Learning & Data Science

- Python packages
- Deep Learning
- Machine Learning algorithms

### Computer Fundamentals

- Operating System
- Object Oriented Programing
- DataBase Management System

### Others

- Blockchain technology
- Android development & React Native
- Git and GitHub

## EXPERIENCE

**AI/ML Intern at Henotic Technologies**

July 2022 - present

- Working on Industry level Datasets.
- Training efficient Machine learning models.

## PROJECTS

**Weather Forecast Web Application | React**

Mar 2022

- Build with Open Weather API.

**NFT Based Web3 Dapp | Dfinity**

April 2022

- Build using motoko (internet computer).

**Note Taking app | MERN Stack**

May 2022

- It consists of Authentication.
- It includes all CRUD operations.

**SPAM Mail detection | Machine Learning**

July 2022

- Model is trained using BERT, predicts with an accuracy of 91%.

**Paddy disease recognition | Machine Learning**

July 2022

- Model is trained using ResNet50, predicts with an accuracy of 92%.

## ACHIEVEMENTS

- Selected for Amazon ML Summer School 2022.
- Kaggle Contributor & GitHub pro.
